

Division Reasoning

1. I have 12 sweets. How many different ways can you share them into equal groups?

2. **True or false.**

If I share 15 toys between 4 people each person will have an equal amount. (Draw a picture to show your working out.)

3. **Prove it!**

16 shared by 2 is 8.

4. **True or false.**

My answer will always be even if I share a number between 2.

Show me your working out.

5. **Convince me!**

20 objects can be shared equally between 2, 4, 5 and 10 people.
