

Pirate report

Friday

Write your conclusion paragraph. If I were writing this paragraph I need only write 2 or 3 sentences. I would tell the reader some general information about pirates that would finish off my report. I would not include details about the things I had already written about.

Use the rest of your time to check your punctuation - capital letters, full stops, commas in a list sentence and question marks.

Check your spellings, especially those you have learnt before and those that you can spell using your phonics.

You could draw a picture to go with your report .
