

## Pirate Party

Today in class we are having a pirate party. The children are coming to school dressed as a pirate. We will be making 'grog' and some pirate biscuits. We will also be learning the pirate dance that I gave you for yesterday's afternoon activity.

We would love it if you could create a pirate costume from the clothes you have at home. You might want to make a pirate hat and a cutlass. If you could take a photograph and email it into school today we would love to see them before we break up for the summer holidays tomorrow. Please don't worry if you haven't got a pirate costume at home - be creative. Pirates often stole their clothes which is why they all look different. Can you make a colourful outfit? If you can't make one for you could you make one for a favourite toy ... or pet?

We look forward to seeing your photographs.
