

ART

Watch a Shoo Rayner film of how to draw cartoon people.

https://www.youtube.com/watch?v=J_OaqldLT1w

Watch it through then start it again pausing after every few lines and copying him slowly bit by bit. At the end he draws a cowboy, could you turn your cartoon into an explorer? He recommends you draw the same thing every day for a week, see how many you can fit in and look at the difference from the first day to the last!
