

Timetable challenge

Sheet 1

Use the information given to complete the timetable and answer the questions. When you have finished check with your partner.

Three trains travel from Chester to Crewe on the same morning. The Fast Train leaves Chester 10 minutes after the Slow Train, but arrives in Crewe 10 minutes before it.

The Slow Train takes 30 minutes to reach Crewe and arrives at 10:30.

The Goods Train leaves 10 minutes before the Slow Train and arrives at Crewe 10 minutes after the Fast Train.

From the above description we know the following information. Can you work out from this information the rest of the timetable and the journey times?

| Train | Fast Train | Slow Train | Goods Train |
|--------------------------|------------|------------|-------------|
| Time it leaves Chester | | | |
| Time it arrives in Crewe | | 10:30 | |
| Length of journey | | | |
