

Wednesday Maths

SQUARE NUMBERS are the numbers you get when a number is multiplied by itself

3×3 gives a square number that is 9

5×5 gives the square number 25

The chart shows square numbers in yellow.

This activity is to colour all the answers to all the times tables. You can colour code if you like. There will be some numbers that are not coloured at all, these are in a special group of their own called PRIME NUMBERS

x	1	2	3	4	5	6	7	8	9	10	11	12
1	1	2	3	4	5	6	7	8	9	10	11	12
2	2	4	6	8	10	12	14	16	18	20	22	24
3	3	6	9	12	15	18	21	24	27	30	33	36
4	4	8	12	16	20	24	28	32	36	40	44	48
5	5	10	15	20	25	30	35	40	45	50	55	60
6	6	12	18	24	30	36	42	48	54	60	66	72
7	7	14	21	28	35	42	49	56	63	70	77	84
8	8	16	24	32	40	48	56	64	72	80	88	96
9	9	18	27	36	45	54	63	72	81	90	99	108
10	10	20	30	40	50	60	70	80	90	100	110	120
11	11	22	33	44	55	66	77	88	99	110	121	132
12	12	24	36	48	60	72	84	96	108	120	132	144

If you are confident about SQUARE NUMBERS and PRIME NUMBERS try the next activity.
