

## Home school Science for week beginning 22<sup>nd</sup> June

This week we are looking at animal adaptations. These are the ways that different animals cope with living in their particular habitat.

Watch this bbc bitesize clip about animal adaptations.

<https://www.bbc.co.uk/bitesize/clips/z3hxp4>

Now we are going to look in more detail at the **penguin** to see how it adapts to its environment.

If you type **penguin adaptations ks2** into Google you will find loads of interesting facts and videos. You may even become a bit obsessed with penguins!

Here are some useful links to start you off

### Task

Draw a penguin in the middle of a piece of paper. Try to make your drawing as accurate as possible. What species of penguin have you chosen?

Around your picture write as many adaptations as you can find to show how your penguin is adapted to its environment.
