

Noun, which sentences

Think of a fact: England is in Europe.

Add which like this: England which is in Europe

Add commas: England, which is in Europe,

Add a related fact: England, which is in Europe, is in the temperate biome.

That is a completed noun, which sentence.

Add two commas to these sentences, one after the noun one after the first fact:

- 1) Deserts which are very hot are found near the Tropics of Cancer and Capricorn.
- 2) The Amazon which is a rainforest is in South America.
- 3) Australia which is known to be hot has a surprisingly large desert.
- 4) Rainforests which contain the most plants and animals of any biome are getting smaller all the time
- 5) Taigas which is the largest land biome are in North America, Asia and Europe

Complete these sentences with one more fact, make sure it is linked and makes sense.

Acacia trees, which grown in Tanzania,

Totem poles, which are made by Native Americans,

Homes, which have air conditioning,

And now three of your own, with TWO commas please!
