

Plan a different version of the Lion and the Mouse

| | | |
|---------------|--------|------------------------------|
| My setting is | Sights | Sounds |
| Speech | Simile | Smells/textures/temperatures |

Plan your own version of The Lion and The Mouse but let's mix it up, set it in a different country and choose animals from it, a polar bear and an arctic hare for example. Think carefully about where the story will be set and how you will describe it so we can easily tell where your story is happening. Don't forget a little bit of speech and a simile to do a really good job.
