

Islamic Art

Islam is a religion, the people who believe in Islam are called Muslims. Muslims believe it is wrong to try and guess what God looks like, they don't make pictures of him but they do like to decorate their religious buildings. These buildings are called mosques, some are decorated with beautiful, detailed patterns called geometric designs. They are made from mathematical shapes like a geodesic dome but these are flat. They are made of pieces of tile in a mosaic.

You could cut up pieces of paper and create your own mosaic pattern

Or try colouring one of these:
