

RE Home Schooling week beginning 13th July

Last week you looked at an inspirational person who is still alive today.

This week I would like you to find out about someone who sadly only lived for a few years because other people didn't like her religion or beliefs. Her name is Anne Frank.

There are some good facts about her here:

Some of the facts about Anne Frank are a bit difficult to understand and some of them are very sad so it is a good idea to do your research with a grown up who can help you.

Task 1

When Anne went into hiding she only had one small suitcase to hold all her belongings. I wonder what you would have taken with you? Have a good think about what is really important to you and write them down on the suitcase sheet.

Task 2

Pick out 10 facts about Anne Frank that you think are the **most important** and write them on a separate sheet.
