

Safeguarding Policy

Ratified 8th June 2020

**Signed:.....
Chair of Governors**

**This policy will be revised Autumn 2020
to reflect changing staff responsibilities
once new Headteacher is in post**

-Safeguarding Children Policy

(Including Child Protection)

Safeguarding Governor: BA. Byard

Designated Safeguarding Lead: Jon Westwood

Deputy Safeguarding Lead:

Prevent Single Point of contact (SPOC): Jon Westwood

Discussed by Governing Body Committee: 8th June 2020

To be Ratified by Governing Body on: 8th June 2020

Next review date: Summer 2021

Introduction

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002; and in line with government publications the Teachers' Standards 2012, 'Working together to Safeguard Children' 2016 and 'Keeping Children Safe in Education' September 2018. Wyche CE Primary School fully recognises its moral and statutory responsibilities for safeguarding and promoting the welfare of children. For the purposes of this policy 'children' includes everyone under the age of 18.

Our policy applies to all staff, governors and volunteers working in the school.

There are five main elements to our policy:

- Ensuring we practice safer recruitment in checking the suitability of staff and volunteers to work with children;
- Raising awareness of child protection issues and equipping children with the skills needed to keep them safe;
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases, of abuse;
- Supporting pupils who have been identified as in need of early help or at risk of harm in accordance with his/her agreed Child Protection, Child in Need or Early Help plan;
- Establishing a safe environment in which children can learn and develop.

We recognise that because of the day to day contact with children, school staff are well placed to identify concerns early and to observe the outward signs of abuse. The school will therefore:

- Establish and maintain an environment where children feel safe, secure, valued and respected and are encouraged to talk, believing they will be listened to;
- Ensure children know that there are adults in the school whom they can approach if they are worried;
- Include opportunities in the curriculum, specifically through PSHE and ICT, for children to develop the skills they need to recognise and stay safe from abuse and to know who they should turn to for help

We seek to ensure that the child's wishes and feelings are taken into account when determining what action to take and what services to provide to protect children from harm. To this end we will:

- Ensure there are systems in place for children to express their views and give feedback.
- Ensure that the child's thoughts/wishes and feelings are recorded on all referrals.

Procedures

We will follow the procedures set out by the Worcestershire Safeguarding Children Board (WSCB) and take account of guidance issued by the Department for Education (DfE).

The school will:

- Ensure it has a senior leader nominated as Designated Safeguarding Lead (DSL) who has received appropriate training and support for this role;
- Ensure it has at least one member of staff who will act in the absence of the DSL (Deputy DSL);
- Ensure it has a nominated governor responsible for safeguarding children;
- Ensure every member of staff (including temporary and supply staff and volunteers) and the governing body knows the name of the DSL and any deputies and understands their role;
- Ensure that the DSL and/or deputy DSL is always available during school hours and has made adequate and appropriate cover arrangements for any out of hours/out of term time activities;
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and neglect, including the specific issue of Female Genital Mutilation(FGM), Child Sexual Exploitation(CSE), Children Missing Education (CME) and Radicalisation and Extremism, and maintain an attitude of 'it could happen here';
- Ensure all staff and volunteers understand their responsibility for referring any concerns to the DSL in a timely manner and are aware that they may raise concerns directly with Children's Social Care Services if they believe that their concerns have not been listened to or acted upon.
- Ensure that parents have an understanding of the responsibility placed on the school and staff for child protection by setting out its obligations in the school prospectus and publishing its policy on the school website;
- Operates a lettings policy which ensures the suitability of adults working with children on the school site at any time;
- Ensure that community users organising activities for children are aware of, and understand the need for compliance with, the school's child protection guidelines and procedures.
- Ensure that the duty of care towards its pupils and staff is promoted by raising awareness of illegal, unsafe and unwise behaviour and assist staff to monitor their own standards and practice;
- Ensure that all staff and volunteers feel able to raise concerns about poor or unsafe practice and are aware of the whistle blowing procedures and helplines;
- Be aware of and follow procedures set out by the DfE and the WSCB where an allegation is made against a member of staff or volunteer; including making a referral to the Local Authority Designated Officer (LADO);
- Ensure that referral is made to the DBS and /or Teaching Regulation Agency (TRA) if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have been had they not resigned;
- Operate safer recruitment practice, ensuring that at least one member of every recruitment panel has completed safer recruitment training.

Our procedures will be regularly reviewed and updated at least annually unless an incident or new legislation or guidance requires the need for an interim review. We recognise the expertise our staff builds by undertaking safeguarding training and managing safeguarding concerns on a daily basis. We therefore invite staff to contribute and shape this policy and associated safeguarding arrangements.

Training

When staff joins our school they will be informed of the safeguarding children arrangements in place. They will be given a copy of this policy including its Appendices, Part 1 and Annex A of Keeping Children Safe in Education, the school's code of conduct and told who the DSL is, who acts in their absence and what this role includes;

All staff will receive induction in safeguarding children. The induction programme will include basic child protection information relating to signs and symptoms of abuse, how to manage a disclosure from a child, when and how to record a concern about the welfare of a child and advise on safe working practice. They will also be given a copy of the staff behaviour policy (sometimes called a code of conduct).

All volunteers, supply staff and regular visitors to our school will be told where our policy is kept, given the name of the DSL and deputy/ies and informed of the school's procedures in reporting concerns.

All staff will receive training in child protection and safe working practice, updated every three years, in line with WSCB guidance. In addition, they will receive safeguarding and child protection updates as required, but at least annually.

Staff with specific responsibility for safeguarding children will undertake both single and inter-agency training at a level suitable to their role and responsibilities, updated every two years. In addition to formal training the DSL and deputy/ies will update their knowledge and skills via WSCB newsletters, briefings, meetings and seminars, at regular intervals, at least annually.

Staff with leadership responsibilities will undertake further relevant training in safeguarding related issues such as CSE, FGM, Radicalisation (WRAP training), Management of Allegations of Abuse and cascade the learning from this training to the rest of the staff.

Responsibilities

The Governing Body will nominate a member to be responsible for Safeguarding Children and liaise with the DSL in matters relating to Safeguarding. It will ensure that:

- The DSL takes lead responsibility for safeguarding and child protection and does not delegate this responsibility;
- The DSL role is explicit in the role holder's job description;
- Safeguarding Policies and procedures are in place, available to parents on the school website or by other means and reviewed at least annually.
- Mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Part one of Keeping Children Safe in Education;
- An annual report on the effectiveness of the school's safeguarding procedures is presented to the governing body and submitted to WSCB to meet s175/157 requirements;
- Any weaknesses brought to its attention relating to safeguarding are remedied without delay.
- It complies with all legislative duties, including the duty to report suspected or known cases of FGM and the duty to prevent young people from being drawn into terrorism.

The Headteacher will ensure that

- The Safeguarding Policies and procedures are fully implemented and followed by all staff;
- Sufficient resources are allocated to enable the DSL and other staff to discharge their responsibilities with regard to child protection.
- All staff feel able to raise concerns about poor or unsafe practice and that these are handled sensitively and in accordance with the whistleblowing procedures;
- All allegations of abuse are reported to the LADO in a timely manner.

The DSL will co-ordinate action on safeguarding and promoting the welfare of children within the school setting. The DSL is responsible for:

- Organising child protection training for all newly appointed staff and whole staff training, refreshed at least every three years with annual updates as required;
- Providing a mechanism to ensure that all staff understand and are able to discharge their role and responsibilities as set out in Part One of Keeping Children Safe in Education;
- Undertaking, in conjunction with the Headteacher and Safeguarding Governor, an annual audit of safeguarding procedures, using the County Safeguarding checklist or similar;
- Making use of the Levels of Need guidance when making a decision about whether or not the threshold for Early Help or Social Care intervention is met;
- Referring a child to the Family Front Door, when there are concerns about possible abuse and neglect;
- Referring a child to the Channel Panel when there are concerns about possible radicalisation or involvement in extremist groups;
- Keeping written records of concerns about children, including using body maps, even where there is no need to refer the matter immediately;
- Ensuring all child protection records are kept securely, separate from the main pupil file, and in locked locations;
- Ensuring that all child protection files are transferred in a safe and timely manner when a child moves setting, both between and across phases, within and out of county. This should be transferred separately from the main pupil files. In addition to the child protection file the DSL should consider if it would be appropriate to share any information with the new school in advance of the child leaving;
- Notify the key worker if there is an unexplained absence of more than two days of a pupil who is subject to a child protection plan;
- Monitoring unauthorised absences particularly where children go missing on repeated occasions, reporting concerns in line with 'missing children' procedures;
- Developing effective links with relevant agencies and other professionals and co-operating as required with their enquiries regarding safeguarding matters including co-operation with serious case reviews, attendance at strategy meetings, initial and review child protection conferences, core group and child in need review meetings;
- Contributing assessments and providing a report to initial and review conferences which has been shared with parents first, whenever possible.
- Coordinating a programme of safety, health and well-being through the curriculum, including issues of protective behaviours, healthy relationships, staying safe on-line and the promotion of fundamental British values.

Procedure for Managing Concerns

Our school adheres to child protection procedures that have been agreed locally through the Worcestershire Safeguarding Children Board (WSCB). Where we identify children and families in need of support, we will carry out our responsibilities in accordance with the West Mercia Consortium inter-agency and the WSCB Levels of Need Guidance.

Every member of staff, including volunteers working with children at our school, is advised to maintain an attitude of '*it could happen here*' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child and have a responsibility to take action as outlined in the policy.

All staff are encouraged to report any concerns that they have and not see these as insignificant. On occasions, a referral is justified by a single incident such as an injury or disclosure of abuse. More often, however, concerns accumulate over a period of time and are evidenced by building up a picture of harm over time; this is particularly true in cases of emotional abuse and neglect. In these circumstances, it is crucial that staff record and pass on concerns in accordance with this policy to allow the DSL to build up a picture and access support for the child at the earliest opportunity. A reliance on memory without accurate and contemporaneous records of concern could lead to a failure to protect.

It is *not* the responsibility of school staff to investigate welfare concerns or determine the truth of any disclosure or allegation. All staff, however, have a duty to recognise concerns and pass the information on in accordance with the procedures outlined in this policy.

The Designated Safeguarding Lead (DSL) should be used as a first point of contact for concerns and queries regarding any safeguarding concern in our school. The designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns. Any member of staff or visitor to the school who receives a disclosure of abuse or suspects that a child is at risk of harm must report it immediately to the DSL or, if unavailable, to the deputy designated lead. In the absence of either of the above, the matter should be brought to the attention of the most senior member of staff.

All concerns about a child or young person should be reported without delay and recorded in writing using the agreed template (See Appendix 1 for pro-forma).

Following receipt of any information raising concern, the DSL will consider what action to take and seek advice from Children's Services as required. All information and actions taken, including the reasons for any decisions made, will be fully documented.

All referrals will be made on line with local procedures as detailed on the Worcestershire website.

If, at any point, there is a risk of immediate serious harm to a child a referral should be made to Children's Services immediately. Anybody can make a referral. If the child's situation does not appear to be improving the staff member with concerns should press for reconsideration by raising concerns again with the DSL. Concerns should always lead to help for the child at some point.

Staff should always follow the reporting procedures outlined in this policy in the first instance. However, they may also share information directly with Children's Services, or the police if:

- The situation is an emergency and the designated senior person, their deputy and the Headteacher are all unavailable;
- They are convinced that the direct report is the only way to ensure the pupil's safety

Any member of staff who does not feel that concerns about a child have been responded to appropriately and in accordance with the procedures outlined in this policy should raise their concerns with the Headteacher or the Chair of Governors. If any member of staff does not feel the situation has been addressed at this point they should contact Children's Services directly with their concerns.

Peer on peer abuse

We recognise that children are also vulnerable to physical, sexual and emotional abuse by their peers or siblings. That is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults, sexual harassment and sexting. Abuse perpetrated by children can be just as harmful as that perpetrated by an adult, so it is important to remember the impact on the victim of the abuse as well as to focus on the support for the child or young person exhibiting the harmful behaviour. Such abuse will always be taken as seriously as abuse perpetrated by an adult and the same safeguarding children procedures will apply in respect of any child who is suffering or likely to suffer significant harm; staff must never tolerate or dismiss concerns relating to peer on peer abuse.

Where a child discloses safeguarding allegations against another pupil in the same setting the DSL should refer to the local procedures on the WSCB website (section 2.12) and seek advice from the Family Front Door or Community Social Worker before commencing its own investigation or contacting parents.

Special Educational Needs and Disability (SEND)

We recognise that children with special educational needs and disabilities can face additional safeguarding and these are discussed in staff training. These additional barriers can include:

- Assumptions that indicators of possible abuse such as behaviour mood and injury relate to the child's disability without further exploration;
- Children with SEN and disabilities can be disproportionately impacted by things like bullying without outwardly showing any signs; and
- Communication barriers and difficulties in overcoming these barriers.

Child Sexual Exploitation (CSE)

We recognise that CSE is a form of child abuse involving criminal behaviours against children and young people which can have a long-lasting adverse impact on a child's physical and emotional health. Sexual exploitation involves an individual or group of adults taking advantage of the vulnerability of an individual or groups of children or young people. Victims can be boys or girls. Children and young people are often unwittingly drawn into sexual exploitation through the offer of friendship and care, gifts, drugs and alcohol, and sometimes accommodation. It may also be linked to child trafficking.

The school addresses the risks of sexual exploitation in the PSHE and SRE curriculum. A common feature of sexual exploitation is that the child does not recognise the coercive nature of the relationship and does not see themselves as a victim. The child may initially resent what they perceive as interference by staff, but staff must act on their concerns, as they would for any other type of abuse.

All staff are made of the indicators of sexual exploitation and all concerns are reported immediately to the DSL.

'Honour Based' Violence

We recognise that staff are well placed to identify concerns and take action to prevent children from becoming victims of Female Genital Mutilation (FGM) and other forms of so-called 'honour-based' violence (HBV) and provide guidance on these issues through our safeguarding training. If staff have a concern regarding a child that may be at risk of HBV they should inform the DSL who will activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children's social care.

Where FGM has taken place, since October 2015 there has been a mandatory reporting duty on teachers. Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers in England and Wales, to personally report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. We will provide guidance and support our teachers on this requirement and further information on when and how to make a report can be found in the following Home Office guidance:

[Mandatory Reporting of Female Genital Mutilation – procedural information](#) (October 2015).

Radicalisation and Extremism

We recognise that safeguarding against radicalisation and extremism is no different to safeguarding any other vulnerability in today's society. We will ensure that:

- Through training, staff, volunteers and governors have an understanding of what radicalisation and extremism is, why we need to be vigilant in school and how to respond when concerns arise.
- There are systems in place for keeping pupils safe from extremist material when accessing the internet in our school by using effective filtering and usage policies
- The DSL has received Prevent training and will act as the point of contact within our school for any concerns relating to radicalisation and extremism. The DSL will make referrals in accordance with WSCB procedures and will represent our school at Channel meetings as required.
- Through our curriculum we will promote the spiritual, moral, social and cultural development of pupils. WE encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs.

Where a child discloses safeguarding allegations against another pupil in the same setting, the DSL should refer to the local procedures on the WSCB website (section 2.11) and seek advice from the Access Centre before commencing its own investigation or contacting parents.

Information Sharing & Confidentiality

We recognise that all matters relating to Child Protection are confidential.

The Headteacher or DSL will disclose any information about a pupil to other members of staff on a need to know basis only.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being.

Communication with parents

We recognise that good communication with parents is crucial in order to safeguard and promote the welfare of children effectively.

We will always undertake appropriate discussion with parents prior to involvement of another agency **unless to do so would place the child or an adult at further risk of harm or would impede a criminal investigation.**

We will ensure that parents have an understanding of the responsibilities placed on the school and staff to safeguard children and their duty to co-operate with other agencies in this respect.

Record Keeping

Any member of staff receiving a disclosure of abuse from a child or young person, or noticing signs or symptoms of possible abuse, will make notes as soon as possible (within the hour, if possible) writing down exactly what was said, using the child's own words as far as possible. All notes should be timed, dated and signed, with name printed alongside the signature. Concerns should be recorded using the school's safeguarding children recording system.

All records of a child protection nature should be passed to the DSL including case conference or core group minutes and written records of any concerns. Child protection records are kept securely and transferred in a safe and timely manner when a child moves school.

The DSL will maintain and regularly audit the school's child protection records and ensure that each stand-alone file includes a chronology of significant events.

Supporting Children

We recognise that children who are abused or witness violence may find it difficult to develop a sense of self worth. They may feel helplessness, humiliation and some sense of blame.

We acknowledge the school may be the only stable, secure and predictable element in the lives of children who have been abused or who are at risk of harm.

We are aware that research shows that at school their behaviour may be challenging and defiant or they may be withdrawn.

The school will endeavour to support the pupil by:

- Encouraging self-esteem and self-assertiveness through the curriculum, as well as promoting respectful relationships, challenging bullying and humiliating behaviour;
- The school ethos which promotes a positive, supportive and secure environment and gives pupils a sense of being valued;
- A consistently applied school behaviour policy which is aimed at supporting vulnerable pupils. The school will ensure that the pupil knows that some behaviour is unacceptable but they are valued and not to be blamed for any abuse which has occurred;
- Liaising with other agencies that support the pupil such as Children's Social Care Services, Child and Adult Mental Health Service (CAMHS), Educational Psychology Service and those agencies involved in the safeguarding of children;
- The use of Early Help Services, through the Family Front Door, when appropriate;
- Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:
 - Is disabled and has specific additional needs;
 - Has special educational needs (whether or not they have a statutory education, health and care plan);

- Is a young carer;
 - Is showing signs of being drawn into anti-social; or criminal behaviour, including gang involvement and association with organised crime groups;
 - Is frequently missing/goes missing from home or care;
 - Is misusing drugs or alcohol
 - Is at risk of modern slavery, trafficking and exploitation
 - Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
 - Has returned home to their family from care;
 - Is showing early signs of abuse and/or neglect;
 - Is at risk of being radicalised or exploited;
 - Is a privately fostered child
- Notifying Children's Social Care Services immediately there is a significant concern;
 - Providing continuing support to a child about whom there have been concerns who leaves the school by ensuring that appropriate information is forwarded under confidential cover to the child's new setting.

We recognise that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, but especially the DSL (or deputy) should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding. Children's social care assessments should consider such factors so it is important that the school provides as much information as possible as part of the referral process. This will allow any assessment to consider all available evidence and the full context of any abuse.

Supporting and Supervision of Staff

We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.

We will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support, such as counselling or regular supervision, as appropriate.

We will ensure supervision for the DSL through network meetings, direct consultation with the Senior Adviser or Consultant Social Workers in order to promote best practice and challenge unsatisfactory or poor practice.

In order to reduce the risk of allegations being made against staff, and ensure that staff are competent, confident and safe to work with children, they will be made aware of safer working practice guidance and will be given opportunities in training to develop their understanding of what constitutes safe and unsafe behaviour.

Safer Recruitment and Selection of Staff

The school has a written recruitment and selection policy statement and procedures linking explicitly to this policy. The statement is included in all job advertisements, publicity material, recruitment websites, and candidate information packs.

The recruitment process is robust in seeking to establish the commitment of candidates to support the school's measures to safeguard children and to identify, deter, or reject people who might pose a risk of harm to children or are otherwise unsuited to work with them. At least one person who conducts an interview must have completed safer recruitment training.

All staff working within our school who have substantial access to children have been checked as to their suitability, including verification of their identity, qualifications and a satisfactory barred list check, enhanced DBS check and a right to work in the UK.

All teachers working within our school have been checked using the Teachers Services website to ensure they have been awarded QTS, they have completed their teacher induction and that there are no prohibitions, sanctions or restrictions in place that might prevent them from taking part in certain activities or working in specific positions.

Our governors are subject to an enhanced DBS without barred list check.

The school should contact the Teaching Regulation Agency (TRA) Teacher Services to check if a person they propose to recruit as a governor is barred as a result of being subject to a section 128 (Education Act 2000) direction.

The school maintains a single central record of recruitment checks for audit purposes.

Any member of staff working in regulated activity prior to receipt of a satisfactory DBS check will not be left unsupervised and will be subject to a risk assessment.

Volunteers, who are not working in regulated activity, will be supervised at all times.

Allegations against staff

We understand that a pupil may make an allegation against a member of staff or a volunteer at the school.

If such an allegation is made, which meets the criteria as identified in Part 4 of Keeping Children Safe in Education, the member of staff receiving the allegation will immediately inform the Headteacher, unless the allegation concerns the Headteacher, in which case the Chair of Governors will be informed immediately.

The Headteacher (or Chair of Governors) on all such occasions will discuss the content of the allegation with the Local Authority Designated Officer (LADO), prior to undertaking any investigation.

The school will follow the DfE and LA procedures for managing allegations against staff, a copy of which is readily available in the school.

The case manager will be guided by the LADO in all matters relating to the case, including suspension, sharing information and any follow up investigation.

Whistleblowing

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the attitude or actions of colleagues using the school's confidential reporting (whistleblowing) policy.

Whistleblowing concerns about the Headteacher should be raised with the Chair of Governors.

Staff will be made aware that if they feel unable to raise a child protection failure internally, they can contact the NSPCC whistleblowing helpline.

Complaints or Concerns expressed by Pupils, Parents, Staff or Volunteers

We recognise that listening to children is an important and essential part of safeguarding them against abuse and neglect. To this end any expression of dissatisfaction or disquiet in relation to an individual child will be listened to and acted upon in order to safeguard his/her welfare.

We will also seek to ensure that the child or adult who makes a complaint is informed not only about the action the school will take but also the length of time that will be required to resolve the complaint. The school will also endeavour to keep the child or adult regularly informed as to the progress of his/her complaint. The school's complaints procedures are readily available.

Positive Physical Intervention

Our policy on positive handling is set out in our Behaviour policy and acknowledges that staff must only ever use physical intervention as a last resort, and that at all times it must be the minimal force necessary to prevent injury or damage to property.

We understand that physical intervention of a nature that causes injury or distress to a child may be considered under management of allegations or disciplinary procedures.

Staff who are likely to need to use physical intervention will be appropriately trained in the Team Teach technique, or equivalent.

All incidences of physical intervention will be recorded in accordance with the Team Teach recommended procedures.

We recognise that touch is appropriate in the context of working with children and all staff have been given 'safe working practice' guidance to ensure they are clear about their professional boundaries.

Abuse of Position of Trust

We recognise that as adults working in the school, we are in a relationship of trust with the pupils in our care and acknowledge that it is a criminal offence to abuse that trust.

We acknowledge that the principle of equality embedded in the legislation of the Sexual Offenders Act 2003 applies irrespective of sexual orientation: neither homosexual nor heterosexual relationships are acceptable within a position of trust.

We recognise that the legislation is intended to protect young people in education who are over the age of consent but under 18 years of age.

Looked After Children

The most common reason for children becoming looked after is as a result of abuse or neglect. The school ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child. The designated teacher for looked after children and the DSL have details of the child's social worker and the name and contact details of the Local Authority's Virtual Head for children in care.

Children Missing Education

We recognise that a child going missing from education is a potential indicator of abuse or neglect.

Our procedures for dealing with children that go missing from education are based on the LA and WSCB procedures.

We will ensure that we follow these procedures for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse or neglect, including sexual exploitation, and to prevent the risks of their going missing in future.

Where reasonably possible we will ensure that we hold more than one emergency contact number for each pupil in school.

We will ensure that we report children missing education to the LA CME officer, in line with statutory requirements.

Racist Incidents

Our policy on racist incidents is set out in a separate policy and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We maintain a log of racist incidents in school.

Anti-Bullying

Our policy on bullying is set out in a separate policy and acknowledges that to allow or condone bullying may lead to consideration under children protection procedures. All incidences of bullying, including cyber-bullying, sexting, racist, homophobic and gender related bullying, will be dealt with in accordance with our anti-bullying policy. We recognise that children with special needs and/or disabilities are more susceptible to being bullied. We maintain a log of bullying incidents in school.

We recognise that there will be occasions when bullying will fall within child protection procedures or may be deemed criminal activity and that it may be necessary to report the concerns to the family Front Door or to the police.

E-safety

All members of staff are trained in and receive regular updates in e-safety and recognising and reporting concerns.

Our Acceptable Use policy, set out in a separate policy, recognises that internet safety is a whole school responsibility (staff, pupils, governors and parents).

Children and young people may expose themselves to danger, whether knowingly or unknowingly, when using the internet and other technologies. Additionally, some young people may find themselves involved in activities which are inappropriate or possibly illegal.

We therefore recognise our responsibility to educate our pupils, teaching them the appropriate behaviours and critical thinking skills to enable them to remain both safe and legal when using the internet and related technologies.

We will ensure that filters are in place to prevent access to unsuitable sites and we will monitor the use of the school network and internet to ensure that any pupil or staff member attempting to access inappropriate, abusive or harmful material is appropriately advised and/or supported.

Photography and use of images

The welfare and protection of our children is paramount and consideration should always be given to whether the use of photography will place our children at risk. Images may be used to harm children,

for example as a preliminary to 'grooming' or displaying them inappropriately on the internet, particularly social networking sites.

For this reason consent is always sought when photographing children using any means and including iPads, smart phones or cameras and additional consideration given to photographing vulnerable children, particularly Looked After Children or those known to be fleeing domestic violence. Consent must be sought from those with parental responsibility (this may include the Local Authority in the case of Looked After Children).

Many pupils own or have access to hand held devices and parents are encouraged to consider measures to keep their children safe when using the internet and social media at home or in the community.

Our photographic policy, set out in a separate document, acknowledges that misuse of photographic images may place our children at risk and outlines school procedures to prevent this.

Staff/pupil relationships

The school provides advice to staff regarding their personal online activity and has strict rules regarding on-line contact and electronic communication with pupils. Staff found to be in breach of these rules may be subject to disciplinary action or child protection investigation.

Health & Safety

Our Health & Safety policy, set out in a separate document, reflects the consideration we give to the safeguarding of our children both within the school environment and when away from the school, for example when undertaking school trips and visits.

Risk Assessments are undertaken and reviewed regularly, in respect of site security, risk of children being drawn into terrorism or exposed to extremist behaviour, risk to and from children displaying harmful behaviour.

Safe Environment

The school undertakes appropriate risk assessments and checks in respect of all equipment and of the building and grounds in line with local and national guidance and regulations concerning health and safety.

The school has adequate security arrangements in place in respect of the use of its grounds and buildings by visitors both in and out of school hours.

Visitors to the school, for example visiting speakers, theatre groups or curriculum specialists, will be appropriately checked and vetted, to ensure they are not linked to extremist groups or promoting extremist or other harmful material;

Private Fostering Arrangements

A private fostering arrangement occurs when someone other than the parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16, or aged under 18 if the child is disabled. Children looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.

Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.

Most privately fostered children remain safe and well but safeguarding concerns have been raised in some cases so it is important that schools are alert to possible safeguarding issues, including the possibility that a child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making private fostering arrangement must notify Children's Services as soon as possible.

If we become aware of a private fostering arrangement, we will check that Children's Services have been informed.

Challenge and Escalation

We recognise that professional disagreements may arise between any agencies and resolving problems is an integral part of co-operation and joint working to safeguard children.

As part of our responsibility for safeguarding children, we acknowledge that we must be prepared to challenge each other if we feel that responses to concerns, assessments or the way in which plans are implemented are not safeguarding the child and promoting their welfare.

We are aware of the WSCB escalation procedures for raising concerns in respect of poor practice and recognise our responsibility to utilise these as and when necessary, in the interests of safeguarding and promoting the welfare of children.

Monitoring and Evaluation

Our Safeguarding Children policy and procedures will be monitored and evaluated through termly reporting by the safeguarding governor to all governors and will highlight:

- Completion of annual safeguarding audit
- Completion and return to the LA /WSCB of the annual safeguarding report to the Governing Body;
- Discussions with children and staff;
- Scrutiny of data and risk assessments;
- Scrutiny of the school's single central record of recruitment checks;
- Scrutiny of Governing Body Minutes;
- Monitoring of logs of bullying/racist/behaviour incidents and PPI records;
- Supervision of staff involved in child protection;
- Case file audits undertaken by DSL and the WSCB.

Other Relevant Policies

The Governing Body's legal responsibility for safeguarding the welfare of children goes beyond basic child protection procedures.

The duty is now to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Managing Allegations and Concerns Against Staff and Volunteers

- Complaints Procedure
- Behaviour Management
- Anti-Bullying, including cyber-bullying
- Special Educational Needs
- Trips and visits
- First aid and the administration of medicines
- Health and Safety
- Sex and Relationships Education
- Photography and the use of other technology
- Equal Opportunities
- E-safety and Acceptable Internet Use
- Whistleblowing (Confidential Reporting)

The above list is not exhaustive but when undertaking development or planning of any kind the school will need to consider safeguarding matters.

Annex 1

COVID-19 school arrangements for Safeguarding and Child Protection at Wyche CE Primary School

Policy owner: Jon Westwood

Date: 26th May 2020

Date shared with staff: 29th May 2020

1. Context

From 20th March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

This addendum of the Wyche CE Primary School Safeguarding, and Child Protection policy contains details of our individual safeguarding arrangements in the following areas:

1. Context	2
2. Vulnerable children	3
3. Attendance monitoring	4
4. Designated Safeguarding Lead	4
5. Reporting a concern	5
6. Safeguarding Training and induction	6
7. Safer recruitment/volunteers and movement of staff	6
8. Online safety in schools and colleges	7
9. Children and online safety away from school and college	7
10. Supporting children not in school	8
11. Supporting children in school	9
12. Peer on Peer Abuse	9
13. Social Distancing.....	9

Key Contacts:

SENCO	Helen Davies	head@wyche.worcs.sch.uk

Vulnerable children

Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans. Those who have a social worker include children who have a Child Protection Plan and those who are looked after by the Local Authority. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

Those with an EHC plan will be risk-assessed in consultation with the Local Authority and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

Eligibility for free school meals in and of itself should not be the determining factor in assessing vulnerability.

Senior leaders, especially the Designated Safeguarding Lead (and deputy) know who our most vulnerable children are. They have the flexibility to offer a place to those on the edge of receiving children's social care support.

The Wyche School will continue to work with and support children's social workers to help protect vulnerable children. This includes working with and supporting children's social

workers and the local authority virtual school head (VSH) for looked-after and previously looked-after children. The lead person for this will be Jon Westwood.

There is an expectation that vulnerable children who have a social worker will attend an education setting, so long as they do not have underlying health conditions that put them at risk. In circumstances where a parent does not want to bring their child to an education setting, and their child is considered vulnerable, the social worker and The Wyche School will explore the reasons for this directly with the parent.

Where parents are concerned about the risk of the child contracting COVID19, the Wyche School or the social worker will talk through these anxieties with the parent/carer following the advice set out by Public Health England.

The Wyche School will encourage our vulnerable children and young people to attend a school, including remotely if needed.

Attendance monitoring

Local authorities and education settings do not need to complete their usual day-to-day attendance processes to follow up on non-attendance.

The Wyche School and social workers will agree with parents/carers whether children in need should be attending school – the Wyche School will then follow up on any pupil that they were expecting to attend, who does not. The Wyche School will also follow up with any parent or carer who has arranged care for their child(ren) and the child(ren) subsequently do not attend.

To support the above, the Wyche School will, when communicating with parents/carers and carers, confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available.

In all circumstances where a vulnerable child does not take up their place at school, or discontinues, we will notify their social worker.

Designated Safeguarding Lead

Jon Westwood

The optimal scenario is to have a trained DSL (or deputy) available on site. Where this is not the case a trained DSL (or deputy) will be available to be contacted via phone or online video - for example when working from home.

Where a trained DSL (or deputy) is not on site, in addition to the above, a senior leader will assume responsibility for co-ordinating safeguarding on site. This might include updating and managing access to child protection online

management system, My Concern and liaising with the offsite DSL (or deputy) and as required liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school or college.

It is important that all the Wyche School staff and volunteers have access to a trained DSL (or deputy). On each day staff on site will be made aware of that person is and how to speak to them.

The DSL will continue to engage with social workers, and attend all multi-agency meetings, which can be done remotely.

Reporting a concern

Where staff have a concern about a child, they should continue to follow the process outlined in the school Safeguarding Policy, this includes making a report via My Concern/CPOMS/Form 1.

In the unlikely event that a member of staff cannot access their My Concern from home, they should email the Designated Safeguarding Lead and Deputy Safeguarding Leads. This will ensure that the concern is received.

Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should use a form 1 to report the concern to the headteacher. If there is a requirement to make a notification to the headteacher whilst away from school, this should be done verbally and followed up with an email to the headteacher.

Concerns around the Headteacher should be directed to the Chair of Governors

Safeguarding Training and induction

DSL training is very unlikely to take place whilst there remains a threat of the COVID 19 virus.

For the period COVID-19 measures are in place, a DSL (or deputy) who has been trained will continue to be classed as a trained DSL (or deputy) even if they miss their refresher training.

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2019). The DSL should communicate with staff any new local arrangements, so they know what to do if they are worried about a child.

Where new staff are recruited, or new volunteers enter the Wyche School they will continue to be provided with a safeguarding induction.

If staff are deployed from another education or children's workforce setting to our school, we will take into account the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that:-

- the individual has been subject to an enhanced DBS and children's barred list check
- there are no known concerns about the individual's suitability to work with children
- there is no ongoing disciplinary investigation relating to that individual

Upon arrival, they will be given a copy of the receiving setting's child protection policy, confirmation of local processes and confirmation of DSL arrangements.

Safer recruitment/volunteers and movement of staff

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children. When recruiting new staff, the Wyche School will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of Keeping Children Safe in Education (2019) (KCSIE).

In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

Where the Wyche School are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSIE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

The Wyche School will continue to follow the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of KCSIE.

The Wyche School will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of KCSIE and the TRA's 'Teacher misconduct advice for making a referral.

During the COVID-19 period all referrals should be made by emailing Misconduct.Teacher@education.gov.uk

Whilst acknowledging the challenge of the current National emergency, it is essential

from a safeguarding perspective that any school is aware, on any given day, which staff/volunteers will be in the school or college, and that appropriate checks have been carried out, especially for anyone engaging in regulated activity. As such, the Wyche School keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSIE.

Online safety in schools

The Wyche School will continue to provide a safe environment, including online. This includes the use of an online filtering system.

Where students are using computers in school, appropriate supervision will be in place.

Children and online safety away from school

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with as per the Child Protection Policy and where appropriate referrals should still be made to children's social care and as required, the police.

Online teaching should follow the same principles as set out in the School's code of conduct.

The Wyche School will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Below are some things to consider when delivering virtual lessons, especially where webcams are involved:

- No 1:1s, groups only
- Staff and children must wear suitable clothing, as should anyone else in the household.
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred.
- The live class should be recorded so that if any issues were to arise, the video can be reviewed.
- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day.
- Language must be professional and appropriate, including any family members in the background.
- Staff must only use platforms provided by the Wyche Primary School to communicate with pupils
- Staff should record, the length, time, date and attendance of any sessions held.

Supporting children not in school

The Wyche School is committed to ensuring the safety and wellbeing of all its Children and Young people.

Where the DSL has identified a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person.

Details of this plan must be recorded, as should a record of contact have made.

The communication plans can include; remote contact, phone contact, door-step visits. Other individualised contact methods should be considered and recorded.

The Wyche School and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan.

This plan must be reviewed regularly (at least once a fortnight) and where concerns arise, the DSL will consider any referrals as appropriate.

The school will share safeguarding messages on its website and social media pages. The Wyche School recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of pupils and their parents/carers. Teachers at the Wyche need to be aware of this in setting expectations of pupils' work where they are at home.

The Wyche School will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded, when appropriate.

Supporting children in school

The Wyche School is committed to ensuring the safety and wellbeing of all its students.

The Wyche School will continue to be a safe space for all children to attend and flourish.

The Headteacher will ensure that appropriate staff are on site and staff to pupil ratio numbers are appropriate, to maximise safety.

The Wyche School will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID19.

The Wyche School will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded on My Concern when appropriate.

Where the Wyche School has concerns about the impact of staff absence – such as our Designated Safeguarding Lead or first aiders – will discuss them immediately with the SLT.

Peer on Peer Abuse

The Wyche School recognises that during the closure a revised process may be required for managing any report of such abuse and supporting victims.

Where a school receives a report of peer on peer abuse, they will follow the principles as set out in part 5 of KCSIE and of those outlined within of the Child Protection Policy.

The school will listen and work with the young person, parents/carers and any multiagency partner required to ensure the safety and security of that young person. Concerns and actions must be recorded, and appropriate referrals made.

Social Distancing

All staff and students working in school will observe the government guidelines on social distancing. Currently these are:

- Only go outside for food, health reasons or work (but only if you cannot work from home)
- If you go out, stay 2 metres (6ft) away from other people at all times
- Wash your hands regularly

Appendix 1

Form 1

Logging a Concern about a Child's Safety and Welfare – all staff and visitors

Pupil's name:		d.o.b.	Y. Gp.
Date:		Time:	
Name:	
Print		Signature	
Position			
Note the reason(s) for recording the incident.			
Details of concern/incident – record the who/what/where/when factually (continue on reverse of sheet if necessary):			
Any other relevant information (witnesses, immediate action taken)			
Action Taken			
Reporting staff signature.....date.....			
DSL – Response/Outcome			

DSL signature.....date.....

Check to ensure your report is clear now- and will also be clear to a stranger reading it next year.
Please pass on to your Designated Safeguarding Lead.
